FINANCIAL MANAGEMENT & MARKETS
FIN 6266 - Section 1: Spring, 2012

Classroom: CBB 13
Time: Mondays 2/13/12 – 4/30/12 (5:30 PM - 9:00)
Saturday 3/24/12 (5:30 PM - 9:00)
Instructor: Erik Skovgard, M.B.A.
President LSB Financial
Office: Schedule appointments
Telephone: 319-430-8623
E-mail: erik.skovgard@uni.edu
Office Hours: By appointment

Objectives: In-depth examination of tools, concepts, theories, and analysis of managerial finance integrated with case applications. Students expected to apply concepts from managerial finance in analyzing, presenting, and discussing cases at an advanced level.

Format: Class activities will consist of discussions, assignments, demonstrations, small group interaction, presentations, and lectures. Class material will be included in the exams. Attendance will be taken and included in the grade calculation. Therefore, class attendance is strongly recommended. Please come to class with cell phones off and be prepared with questions and comments - active participation is encouraged.

Examinations: Each exam is worth 18 points. There will be two exams each covering approximately one half of the course material. The exams will consist of multiple choice and true/false items. No make-up exams will be given. A make-up assignment (paper, essays, etc.) will be given only for excused (before the exam) absences for a legitimate reason (serious illness, emergency). Un-excused absences will result in receiving a score of zero for that exam. Exams will be worth a total of 36 points.

Attendance: Attending each class is worth two points. Each night is worth 2 points. Attendance at the simulations is required. For all other class nights, if a student misses a night, they may earn back those points by completing an extra credit assignment for the chapters presented. Contact me for assignment. Attendance will be worth a total of 24 points.

Assignments: Each assignment will be worth 4 points. Submit assignments online before the date assigned in the syllabus. Assignments will be pass/fail. If submitted on time, fully completed and fifty percent correct will result in a pass grade. The assignments are worth a total of 40 points.

Grading: After each examination and assignment grades will be posted to permit you to judge your performance. Final course grades are determined from the percent of points earned. Extra credit points will also be included when completed.

Approximate point totals are as follows:

- 36 (2 exams)
- 40 (10 assignments)
- 24 (12 classes attended)
- 100 Total Points
The +, - grading system will be used for final course grades. Students receiving 90% or more of the total points will receive an A, 80% or more a B, 70% or more a C, 60% or more a D, less than 60% an F.

The Americans with Disabilities Act of 1990 (ADA) provides protection from illegal discrimination for qualified individuals with disabilities. Students requesting instructional accommodations due to disabilities must arrange for such accommodations through the Office of Disability Services. The Office is located at 213 Student Services Center and the telephone number is 273-2676.
