FIN 6299	Research	Variable	Variable	Variable
FIN 4270	Applications of Financial Planning	Yes	Yes	No

NOTES ON GENERAL FINANCE

Note 1: **STUDENTS WHO MAJOR IN BOTH FINANCE AND REAL ESTATE MAY NOT USE FIN 3125 (REAL ESTATE FINANCE) TO SATISFY THE REQUIREMENTS OF THE FINANCE MAJOR.**

Note 2: Finance and Real Estate majors may declare a double major, and/or major and minor within the College of Business, subject to the approval of the other College of Business departments involved. Finance and Real Estate majors minoring within the College of Business must select minors designated for business majors. Finance majors cannot minor in Finance, and Real Estate majors cannot minor in Real Estate. However, Finance majors may double major or minor in Real Estate, and Real Estate majors may double major in Finance or minor in Finance.

A total cumulative or UNI cumulative GPA of 2.5 is required to declare a double major and/or minor.

Finance majors may declare additional College of Business majors in one or more of the following areas only: Accounting, Business Teaching, Economics (any emphasis), Management, Marketing, MIS, and Real Estate.

Finance majors minoring within the College of Business may select only these minors: Real Estate/Business, Economics, International Business/Business and Business Communications.

Note 3: Finance majors are strongly encouraged to take at least nine hours beyond Principles of Managerial Accounting in the accounting area as part of their university electives. This is especially true for those interested in pursuing careers in the financial services industry.

Note 4: Students interested in pursuing graduate study are strongly encouraged to consider an Economics minor and mathematics course work through MATH 1420 Calculus I.

Note 5: All students are urged to consider a minor outside the College of Business such as foreign language, mathematics, geography, or other areas of personal interest.

Note 6: Finance majors must take Intermediate Finance (FIN 3135) prior to taking Advanced Financial Management.

Note 7: Finance majors may not declare more than one emphasis area.
